The Importance of Plants: The Role of Plants on Earth

Science 4 - Independent Written Task

Due Date: Friday, May 25, 2018

Based on the lessons and discussions we have had about plants in class, answer the following questions in complete and detailed sentences. Please write neatly using appropriate vocabulary and with proper punctuation. You may use any website or book to collect information, but please ensure you express and write your ideas and answers in your own words.

1. Describe five ways that plants are important to humans.

2. Describe five ways that plants are important to nature.

3. What do you think would happen to our earth if there were no plants?
